TIPS FOR SUCCESS

- You don't need to be perfect—you just need to care. Teaching is human work. Let students see your effort and your empathy, not just your content knowledge.

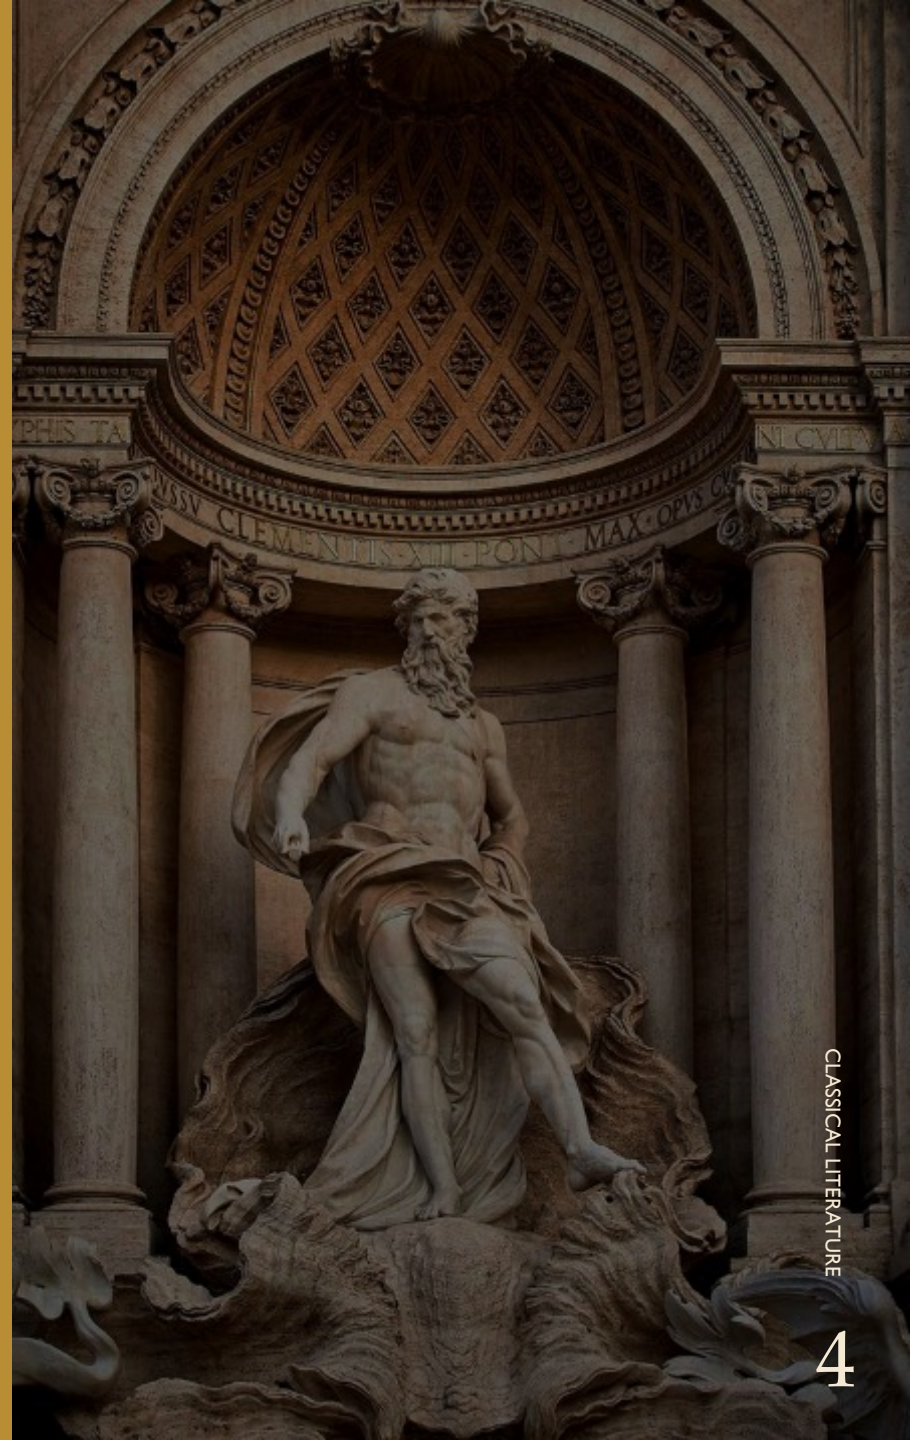

TIPS FOR SUCCESS

- Relationships before results. Build trust first. Greet students by name. Show up consistently. When relationships are strong, the learning will follow.

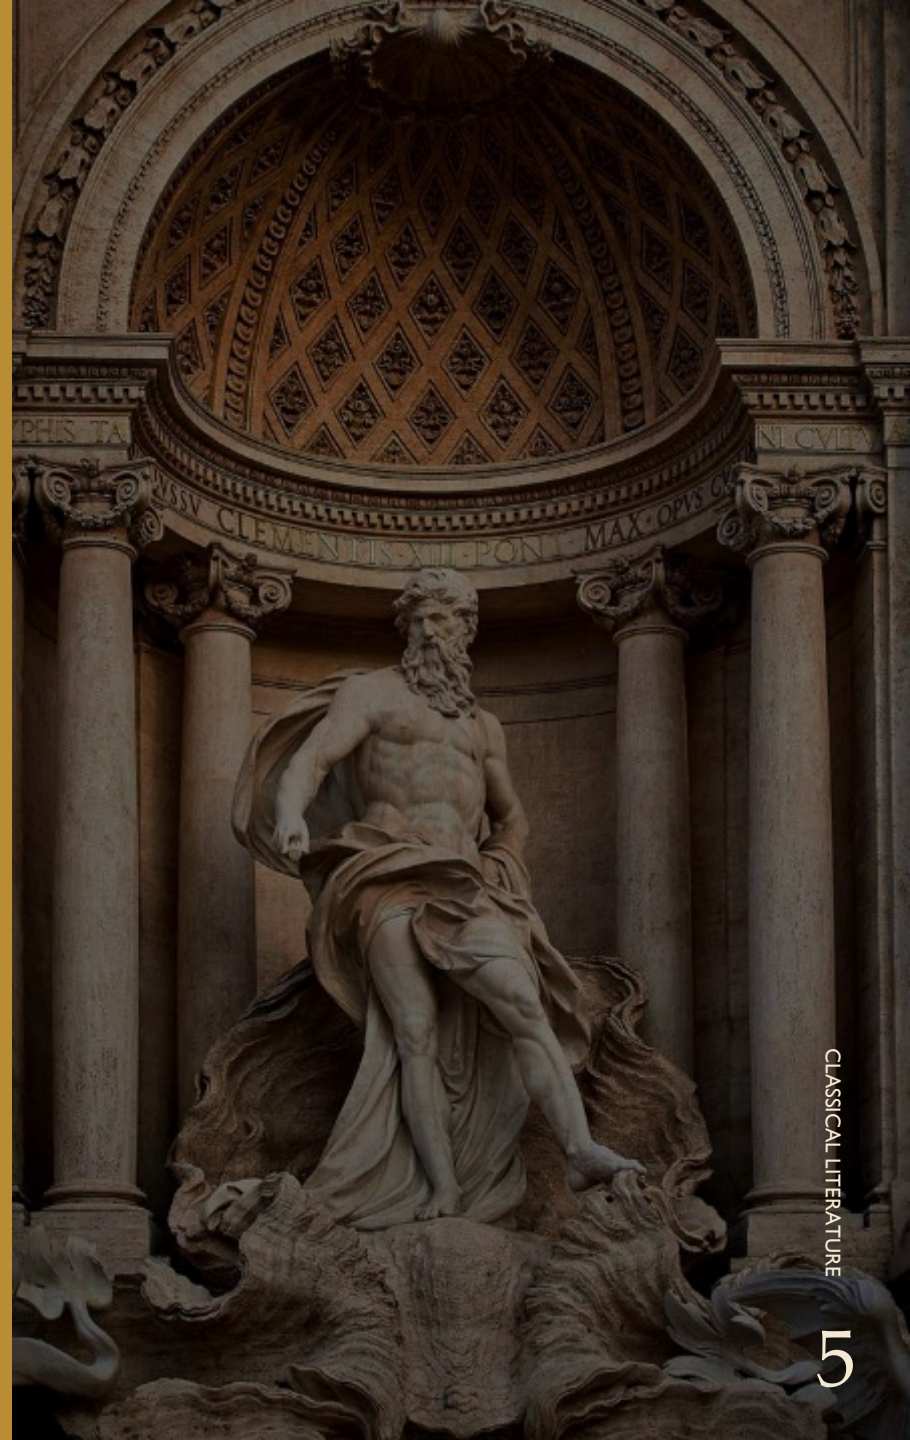

TIPS FOR SUCCESS

- Relationships both with the students and their parents.
- Regular Contact.
- One size does not fit all.
- Preferred Method of Communication.

TIPS FOR SUCCESS

- Routines are a game-changer. Establish procedures for everything: entering the room, asking questions, packing up. Practice routines daily until they're second nature.

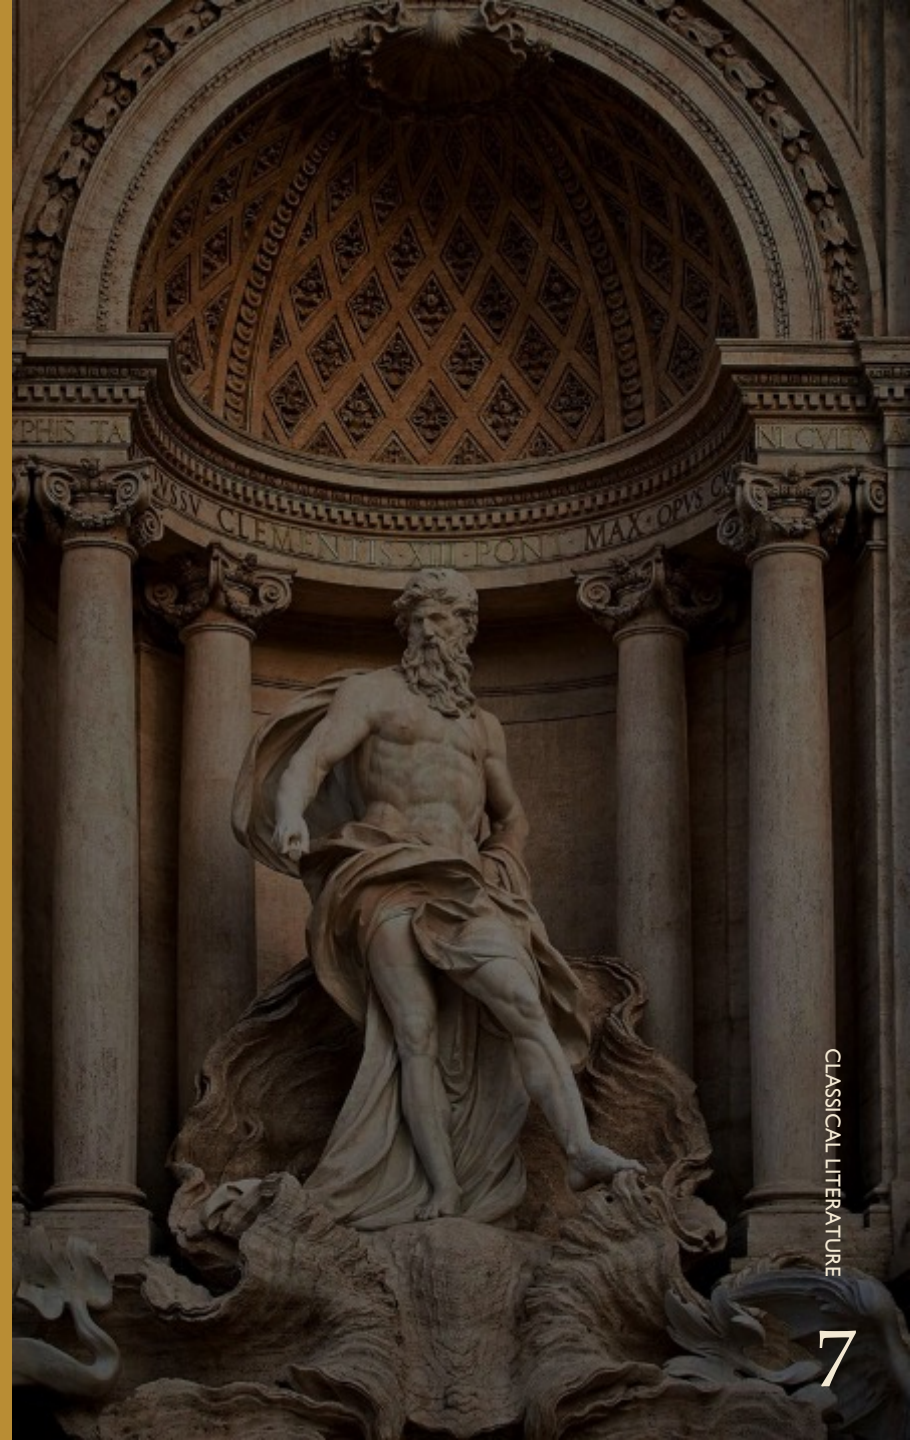

TIPS FOR SUCCESS

- Plan with purpose, not perfection. Effective planning means being clear on your learning goals and flexible in how you get there. No need to script every second.
